

Reporting deadlines...

...demonstrating achievements...

...justifying expenditures...

...securing new budgets...

...

The end of the year can be challenging.

That's why we have launched our **Impact Specials**: three products designed to provide your project or organisation with fast, hands-on support in the busiest quarter of the year.

1 | Impact Data Lab

From data chaos to actionable insights

Do you struggle with project data that lacks structure or insights? Are you facing reporting deadlines without a clear focus? Do you wonder how to make stronger statements from your data?

Our **Impact Data Lab** is here to help you! We guide you through a lean, participatory process to get more out of your results-oriented data.

What you get

- ✓ A check-in call to identify your data challenges
- ✓ 1-day facilitated Impact Data Lab with your team
- ✓ Hands-on implementation support (5 working days)
- ✓ Insight report with solutions and recommendations

1 | Impact Data Lab

From data chaos to actionable insights

Recognise these challenges? We tackle them with you

Reporting Crunch

Facing deadlines with fragmented data and no clear story?

Survey Data Chaos

Collected lots of survey data but lack structure and insights?

Digitization Gaps

Data scattered across spreadsheets with no system?

Dashboard Dilemmas

Need visuals that tell the story but don't know where to start?

Learning Bottlenecks

Have the data but rarely use it to make decisions?

Indicator Overload

Too many metrics and no clarity on what truly matters?

2 | Engaging Impact Stories

You make change happen – we tell your story!

Would you like to communicate your achievements and impact to a wider audience? Are you struggling to turn your results into something exciting? Are you looking to go beyond facts and figures to show what you have accomplished?

We help you turn your achievements into **compelling, evidence-based stories** that resonate with donors, partners and stakeholders.

What you get

- ✓ 3 tailored impact stories in 3 weeks – as infographic, report or video
- ✓ A lean, guided process from data to story
- ✓ Quality assurance by our diversity & inclusion board
